Revival To Start At Mt. Zion July 22nd

REV. DALLAS BAGGETT

We are glad to announce the beginning of our revival at the Mt. Zion Nazarene Church, 10 miles west of Hamlin, Tuesday night, July 22nd.

Rev. Dallas Baggett of Bentonville, Ark., will be in charge. This good preacher will be remembered by Hamlin people, as he held a meeting in the Hemlin Nazarene church last spring, early.

Services will be twice daily, at 10:00 A. M. and 8:00 P. M. You will enjoy every service and a cordial welcome awaits everyone. Remember the date, Tuesday, July 22. Rev. Eugene Wood, Pastor

Shorty Wells of Gladewater, an old timer rail road man and a Hamlin property owner, is spending two weeks in Hamlin. Shorty was here in days when rains did not come so much as this year. So this year he is loud in disapproval of the weeds and trash he finds in his "old hometown". You see, Shorty has been observing and really sees more in Hamlin than we guys who see the dirt and rubbish gradually accumulate.

Henry Shipp and others want you to tune in on KXOX station each Tuesday, Thursday and Saturday at 7:00 A. M. and hear them sing. Can you get up by then? Get the days, the hour and listen "who's singing."

Auto Store Has New Owner This Week

Monday morning Claude Lancaster of Livingston, Texas, became owner of the Western Auto Store in Hamlin, buying the interest of Mr. Barnes, who has been operating the business here for the past year.

Mr. Lancaster has a wife and one daughter, age 13, who will join him here to make their home. He is impressed with the business outlook of this community and is entering upon his new work with enthusiasm. This new family will find Hamlin a delightful little city to live in. No better people in all the world than in Hamlin, and with that and the abundance of the finest water in Texas, anyone should find life reasonably comfortable.

The Hamlin Herald is starting off this new family with our congratulations in picking a good town.

Moving to California

Monday, Mr. and Mrs. John H. Vaughan and sons left for Valejo, California to make their home. This young family represents pioneers of this country. John Vaughan is a son of the late venerable Sam C. Vaughan, a Methodist minister who helped develop not only this section but other places in Texas. Mr. Vaughan is an expert machinist, a welder who goes to the Pacific states under contract in ship building.

This young family carries with them the best wishes of a great circle of friends. In their new home, the Hamlin Herald will come each Monday to keep fond memories fresh in their minds and to keep a heart beat for "home".

NOTICE

TO WHOM IT MAY CONCERN:

That Mr. G. C. Barnes, owner of the store known as Western Auto Associate Store, Home Owned by Mr. G. C. Barnes, has contracted to sell his store, consisting of Merchandise, Supplies, Equipment, and Fixtures, to Mr. Claude Lancaster.

Mr. Lancaster will not be responsible for any indebtedness against his place of business on or after July 14, 1941.

PROMPTED EDITORIAL

The past few weeks many citizens of Hamlin have mentioned the always present problem of "TRAFFIC VIOLATIONS", especially the parking of cars on Hamlin's Main Street. This became so urgent that the question was fully discussed in the City Council meeting Tuesday night and from here on all persons who persist in stopping and parking wrong may expect to pay fines.

Up to this time many "pink tickets" have been given for violations, but owing to the fact that the regulations were somewhat NEW, the Mayor has been lenient, and according to some, too liberal in letting folks off. But all records of violations in the past may yet become effective if the same ones keep on disregarding the reasonable rules and regulations.

There is plenty of room, usually, for all cars coming to Hamlin, but like every other town, one can not expect to park right in front of every place he may desire. A block or two blocks or just around the corner must be the luck of some, but not all the time.

Double parking, might be defined where one gets out of his car and leaves it there longer than needed to get a package out of the store on "that side of the street". Also double parking may consist of one sitting in his car just for observation purposes and not for loading or unloading. Such cases mean confusion, danger, hindrances, obstructions and taking privileges the person is not entitled to.

BOTTLING wagons, or peddlers are not giving so much trouble lately, as in former weeks. Yet there is still some complaint about them. They try to service both sides of the business street at one passing. That means "loading and unloading" across the street, which the City Ordinance does not permit. Loading and unloading means in front of the place where it is needed. But to load or unload for somebody else while the truck or car is in front of some place not concerned, that place has good grounds for complaint. Mid-street stopping is dangerous and by all means should not be permitted.

Hamlin has made so much improvement on traffic till strangers have quit making fun of this little city. It makes no difference if in some of our neighboring towns they still permit double parking and crazy traffic. Let Hamlin look after her own business and all will be well.

Beware, the City Marshall will be looking when you take traffic liberties. It looks like they mean to "pinch" now.

To Those Interested In A Cheese Plant

TO BE CONTROLLED CO-OPERATIVELY

A meeting is called for Members of the Neinda Farmers Co-operative Gin Society and all others who are interested in getting a ready market and better prices for Dairy Products.

The Neinda School House is the Place

Friday Night, July 18, at 8:00 o'clock is the Time

If enough farmers, producing dairy products in Jones County, can be interested in this co-operative enterprise, it will give a new chance to improve and increase farm incomes.

WOMEN should have a voice in this discussion, for the plan calls for a "rebate to the family" once or twice each year, similar to that received by farmers participating in the co-operative cotton ginning. So we urge as many women as possible to be present.

Mrs. H. D. Pardue Died Suddenly Last Thursday

Mrs. H. D. Pardue, the mother of Mrs. W. A. Albritton, passed away suddenly at the Albritton residence on Central Avenue, at 6:20 Thursday, July 10.

Mrs. Pardue had just been in conversation with her daughter, and had been only slightly below normal for one of her age for several days, and death came with but a slight warning.

Mrs. Pardue had reached the age of 83 years, 11 months and 15 days. She was born in D'Arbonne, Lincoln Parish, Louisiana, July 25, 1857. Her maiden name was Patterson.

She was married to the late H. D. Pardue on January 4, 1878. He passed away Nov. 19, 1932, since which time she made her home with her daughter, Mrs. Albritton. Survivors, Mrs. W. A. Albritton, Hamlin; Mrs. Celia Hyde of Crowley, La.; Mrs. Leona Gibbs of Shreveport, La.; and Mrs. George A. Foster of Sullock, Louisiana. All of the survivors were present for the funeral. There are 10 grandchildren and 13 great-grandchildren.

Mrs. Pardue had resided in Hamlin since February of 1907. She was a member of the Baptist church.

Funeral services were conducted at the Albritton home on Saturday morning, July 12, with Rev. H. E. East in charge. The pallbearers were W. L. Boyd, Tate May, Robt. H. Campbell, Arlie Cassle, Holly Toler and John C. Turner.

Interment was in East Cemetery under the direction of the Barrow Company.

Amateur Roping Arena And Riding Club

The Herald does not quite understand what the heading of this article means, but just west of the Grammar School building, R. M. Myers and Buck Wilemon have been entertaining their friends with an increasing array of tricks. The best part of it . . . it is ALL FREE. What is it?

Well, Myers and Wilemon have 11 calves, two goats, the number of horses, or brones is not known . . . depends on the number of person, in the Amateur Club.

What do they do? Well so far they have just practiced various stunts of roping, riding, etc., and on each Sunday afternoon about 5 o'clock they perform for the public.

Now that's all this Editor knows about it—go up there and snoop for yourself. Maybe those fellows have "got something there."

Mr. and Mrs. Arnold Griffin and their father, E. Beard of Okemah, Oklahoma, came down last Saturday to visit relatives, including their mother, Mrs. A. G. Griffin and others and John Beard, a brother of E. Beard and others of this family.

J. C. and Louie Cauble went the first of last week to the Ford assembly plant in Dallas to get a new Ford. These two young men are night watchmen for the Western Compress and Storage Co.

Rev. Dan Jones, Hamlin pastor of the Nazarene church, attended the Nazarene Camp-Meeting at Lake Cisco part of last week.

Mrs. Glenn Cox and her brother Melvin Neill of Austin came up Saturday for a visit here with their parents, Mr. and Mrs. J. M. Neill.

Extensive Efforts Now On Co-operative Cheese Plant

NOTICE TO FARMERS

Tuesday night at 8:15 o'clock, a meeting will be held by the farmers of the Hamlin Trade Territory.

AT HAMLIN HIGH SCHOOL
TUESDAY, JULY 22, 8:15 P. M.

The purpose of this meeting is to discuss the proposition of a co-operative Cheese Plant for Jones Co.

This Cheese Plant is to be owned and operated by the dairy farmers co-operating.

Talk this with all your neighbors and come to the Hamlin School to learn all you can about a co-operative Cheese Plant for Jones Co.
HAMLIN FARMERS CO-OP. GIN

That happy, carefree, good looking sailor boy who has been making girls who do not know him in Hamlin, think "Yoo Hoo", the past two weeks, is none other than Max B. Carlton, who is enjoying a "spell" at home. Max is in Squadron V, C-S-6 on the good ship Minneapolis, now at Terminal Island, California. Max was too busy looking elsewhere last week to let the Herald know he was at home.

E. R. Eudaly, dairy specialist of A. & M. College and one of the recognized dairy experts of the United States, will speak Monday night, July 21, at 8:15 o'clock in the High school auditorium at Anson. Every farm man and woman, boy and girl, and business and professional man of Jones county should hear Mr. Eudaly outline how Jones county can profitably relate the dairy business to the farm program as it now operates.

Now that cotton is restricted wholly to domestic demands and acreage is limited, Jones county farmers, business men and bankers are getting interested in the dairy business. Results achieved in parts of Texas, dairy co-operatives have caused business men all over Texas to recognize the importance of developing the dairy business as a permanent part of the farm program.

Mr. Eudaly has had a great deal to do with getting large sections of Texas started in the dairy business. He is recognized as one of the best judges of dairy cattle in the United States. Every man, woman and child in Jones county can well afford to hear him Monday night.

Supplementing the farming business with the dairy business is just about the margin of difference between profit and breaking even on farm operation, Mr. Eudaly believes.

If you are interested in better and more profitable farming, be sure to hear Mr. Eudaly, Monday night, July 21, at 8:15 o'clock in the Anson High school auditorium.

OTHER MEETINGS

A meeting of business men was held in Anson Thursday night.

A meeting of the Neinda Farmers will be held tonight (Friday) at the Neinda School building.

A meeting of Hamlin Farmers will be held next Tuesday night in the Hamlin High school.

All these meetings with others in other parts of the county should result in a Co-operative Cheese Plant, or let the subject drop.

Strong Sentiment Developing

The people of the United States are being "fed up" on the words and actions of some of the Senators in Washington.

It makes no difference what is proposed, what is done or what is said, there are a few, a very few, who have already forfeited their right to even sit in that august body.

Need a lil ole paper like the Hamlin Herald call their names?

Anybody who can read, who can hear or know anything, know their names. Some of those guys, thought they were fighting the President and playing politics when they opposed the repeal of the Embargo Act which has kept this nation out of the European wars, thus far. They voted against putting the national guard into the regular army; they voted against the conscription act; they voted against the Lend-Lease act; they blurted out against trading some old destroyers for naval bases on English territory; they are now raising Cain because Iceland asked this nation to come over and be her protector and at the same time give us an outpost to keep Hitler's bombs as far away as possible. Yes, and they charge this and they charge that, and reveal this secret and that secret to give comfort to the real enemy and to endanger our own men in service.

Naturally members of congress get reliable hints that are purely military, and if they have no more patriotism than to reveal secrets that mean death to men in the navy and army, then they should be dealt with accordingly. O YES, they have a perfect right and a perfect duty to speak up, but when their actions and words continually go along with the enemy of freedom, it begins to look suspicious.

Public sentiment is built up for or against the welfare of a nation in proportion to the conduct of its public officials.

A few narrow-minded, short-sighted selfish party members of congress with a little build-up laid the foundation back in 1919 for the death of Woodrow Wilson and finally the ground-work for the present deplorable condition in the world in this 1941. And the mass of thinking people will not be so dumb as to forget that.

Whatever it takes to bring peace, based on Christian justice, it must be found. Whatever is NOW in the way must be removed. The price is too great to measure, and the sacrifice might be far more than we are preparing to pay.

Had the so-called upper house statesmen had their way, the whole United States would by this time of 1941, be a hive of Nazism and Fascism, with our nation without an army, no humming factories, no munitions plants, no new ships building, no training airforce; just a whining, cowardly nation of people too unprepared to even ward off a third rate power.

Public sentiment is built up by

every individual, one way or another. By every publication, be it small or great. Public sentiment for the right will generally win. Public sentiment is stronger than any force. Even old Hitler is catering to public sentiment. He would like to pull the wool over a few million citizens of the United States and make 'em think after all, Old Adolph is not so bad. There are plenty of "Quislings" in this dear land of the beautiful flag, but public sentiment serves to check their outbursts of appeasement.

Who fails to see the wisdom in taking advance steps to better our condition should we be forced to fight? It looks like certain senators should shut up and prove whether or not they have any regards for country.

Now Comes Civilian Defense Campaign

The public, at least the public in small town communities, is not yet sold on all the various ALPHABET set-ups that have developed during the past year, all pointing towards WAR and protection.

The latest set-up is by Mayor F. H. LaGuardia, Director of Civilian Defense. This idea is not quite clear yet to most people. The "step-down" of the organization of this CDO (Civilian Defense Organization) gives the governors of each state the state Chairmanship, he in turn passes it down to County Judges (254 in Texas) and who in turn rely upon the County Commissioners, who in turn drop it down to lesser chairmanships.

Now this week the Herald has received two letters from the Governor of Texas, giving light on what it is all about. Proving after all, every movement must rely upon the newspapers to sell the idea to the people of their local communities.

Now all these "high-up and step-down" plans of organization "peter out" unless the actual individual is sold on what it is all about. The idea of having a Civilian Defense set-up in America is a bit puzzling. First, we in America are not attacked and unless we ARE then why pile up a defense? The only sane answer to that is that in this day and time it's too late to take steps for defense after the attack starts. So as the Herald gets the idea of Civilian Defense as revealed this week . . . the first thing mentioned is "Organization of Machinery for . . ." "SCRAP ALUMINUM for National Defense," and next organization for "AIRCRAFT WARNING SERVICE for the State of Texas," and next, "Mobilization of Police Resources for Defense Purposes."

Now all this may seem quite far fetched. It will require more excitement and more expectation of an invasion of this nation than we now have for people to become interested.

—T & T—

Next Week Is Scrap Aluminum Week

All over this nation there will be hundreds of thousands of housewives who have discarded aluminum ware which they would be glad to let the government have if only the plan of gathering and delivering was properly laid before them. But they will read that next week, is aluminum week, and next a single word has been advanced to the people. So despite all the OCD, maybe, only a few of the larger cities will gather any old aluminum.

BUT LET'S READ FROM THE LETTER

The Governor was named by Mayor F. H. LaGuardia, Director of Civilian Defense, as chairman of the campaign for Texas. He immediately designated the county judges as leaders for their respective areas and requested the judges to ask mayors of incorporated towns and cities to serve as chairmen for their localities.

In co-operation with the Governor's office, H. H. Williamson, director, Texas Agricultural Extension Service, requested the county agents to offer their services to the county judges in connection with the collection plans for the rural areas.

The purpose of the campaign, as communicated to the Governor by Mayor LaGuardia, is to help remedy a temporary shortage of aluminum

in national defense production by conducting a nationwide campaign for donations of used aluminumware. Scrap aluminum in large volume is required to prevent a slow down in the defense program.

No aluminum collected in this campaign can be used for non-defense purposes, by virtue of a priorities order effective June 10th.

An attempt will be made to canvass every house in the nation to ask housewives to donate the used aluminumware which can be spared without replacement.

The house-to-house canvass and collection will take place July 21 to 29, inclusive.

Aluminum so collected will be deposited in central bins, such as in fire stations; or in other designated places; then taken to the yards of waste dealers for sorting, classifying, and baling; then shipped to smelters.

The waste dealers have been asked as a patriotic service to contribute their supervision and facilities without profit, the Governor was advised.

The metal will be sold to the smelters at a special uniform price fixed by the Government. The smelters will pay directly by check to "National Scrap Aluminum Fund," care of the nearest Federal Bank. The entire net proceeds will be available to the Office of Civilian Defense, and any expenditures required for the proper defense of the civilian population.

Those wishing to participate in the collection of the aluminum may communicate with the mayors of their towns or with the county judges.

Editorial Note: All the above involves lots of work and volunteers at that. Note the whole thing ends when the check for the old aluminum is made available for use by the OCD. In other words, it is salvaging to build up a fund that could be used if needed and at the same time hasten supply of aluminum for defense needs. It takes a lot of organizing to get small communities to do much.

Mrs. Bowen Pope visited her daughter, Mrs. Richard Hinkle and family in Midland from Friday to Monday afternoon. She was accompanied by her daughter, Mrs. Geo. Kinney of Stamford. The grandson, Harry Bowen Hinkle, accompanied them back to Hamlin where he will assist (?) his grandpa in publishing the Herald. He says he is going to stay "three years". Time does not mean anything yet, to this 4-year old. If any errors appear in the Herald, blame Harry Bowen.

Look Out! Anson Is Coming Monday, 21

A group of Anson people, in fifteen cars, carrying a ballyhoo band, singers and other forms of entertainment, will arrive in Hamlin about 4 P. M., on Monday, July 21.

The boosters will be advertising the sixth annual Jones County Pioneer Festival on July 24th, and 25th. The Festival will include the following program.

Thursday, July 24th — Pioneer Day dinner. At 2:30 P. M. rodeo at the new rodeo grounds in east Anson. At 6 P. M., pioneer parade with the crowning of the Jones Co. Queen, following on the courthouse lawn. Pioneer Ball at Pioneer Hall at 8:30 P. M.

Friday, July 25th—Jones County baby show, two big rodeo performances and a free street dance Friday night.

Home Ownership National Stability

Nearly 500 Texas tenant families were started on the road to farm ownership during the fiscal year 1939-40 through the tenant purchase program of the Farm Security Administration, it is revealed by an analysis of the program just completed.

County FSA Supervisor George L. von Roeder has received details of the survey, covering 482 Texas farm families, from C. M. Eivens, Dallas, Regional Director of Farm Security.

Very few of the buyers, the analysis shows, were able to find fully developed farms for reasonable prices. Almost all of them bought farms with run-down buildings or unimproved farms and had to borrow enough to make improvements to land or buildings.

On 362 of the farms, new homes have been built, at an average cost of only \$1,368.78, and on 119 of the farms existing houses were repaired at an average cost of only \$478.51. The total average cost of new construction and repairs to existing buildings, including homes, barns and all other outbuildings, was only \$1,581.68. An average of \$302.08 per farm was spent on improvements to the land, including fencing, terracing and water supply improvement.

The average price of the farms bought under the tenant purchase program in Texas was \$5,195.40, which, with the additional outlay for improvements to buildings and land, brought the average loan to \$7,079.16. The average farm size was 164 and 11-10 hundredths acres.

Loans under the Bankhead-Jones act are amortized over 40 years at three per cent interest.

NOTE: The Editor of the Herald believes the soundest, most far-reaching step this nation has taken since the depression days of 1930-1935, is the "Farm Ownership Plan." It means recovery, individual independence, security and a future for children who otherwise would be hopeless.

Ticks Killing Deer

Ticks are so abundant in the piney woods of east Texas that they are killing deer this summer, a biologist of the Game Department has reported to the executive secretary.

Keepers of several hunting clubs along the Neches River have found fawns killed by ticks. It is not unusual to find deer so decimated by ticks that these deer can easily be run down by dog or man. In other instances ticks create open sores particularly around the ears and eyelids. These sores are easily infected with screw worms, and, eventually result in the death of deer.

Picnic Reunion At Sweetwater Lake

Mr. and Mrs. R. O. Proctor and daughter Tommy Doris, Mr. and Mrs. Bruce Proctor and sons, Jr., and Billy Ray, and Mr. and Mrs. Jess Young and daughters, Naomi Ruth and Barbara Lou, enjoyed a family reunion with relatives and friends honoring their brother and uncle, Mr. and Mrs. E. E. Proctor of Los Angeles, Calif., at Lake Sweetwater Sunday, July 13.

Those enjoying the outing from elsewhere were: Mr. and Mrs. Ben F. Jones, Mr. and Mrs. Jim Richards and son Billy, and Mrs. J. W. Long, of View, Texas; Mr. and Mrs. Robert Jones and children Raymond and Mary Alice, Mr. and Mrs. J. D. Jones and son Jerry, Lubbock; Mrs. Jack Free and daughter, Janice, Mr. and Mrs. Gene Webb of Abilene, Mr. and Mrs. Chili Langston, San Angelo, and Mr. and Mrs. John Astin and family, Spur, Texas.

Former Hamlin Couple Married July 11th

On Friday afternoon, July 11 at 1 o'clock Rev. Dan Jones, Pastor of the Nazarene Church of this city read the ceremony which united Mr. J. E. McCoy, Sr., and Mrs. Hazel Lewis of Haskell.

The couple left immediately for New Mexico, where they visited the Carlsbad Caverns and other points of interest.

Mr. and Mrs. McCoy are now at home, 850 Jeanette St., Abilene, where Mr. McCoy is a member of the City Police Department.

Mrs. McCoy, before her first marriage to the late Mr. Lewis of Haskell, will be remembered in Hamlin as Hazel Jacobs, prominent in the work of the Nazarene church of Hamlin.

Sub-Debs Met

The weekly Sub-Deb meeting was held in the home of Billie Faye Rountree. Plans were made for a farewell party for one of the charter members, Hope Cade. Plans concerned a swimming party, picnicking, and dancing at Anson.

After refreshments the meeting was adjourned and card games were played. Those attending the meeting were: Anita Anderson, Hope Cade, Marian Martin, Charlotte Dillingham, Joyce Hudson, Herbie Faye Johnston, Ruby Herr, Billie Rountree, Joan Culbertson, Phala Davis, Marguerite Nobles. A visitor was also present from Happy, Texas, Miss Mary Dell Johnston, cousin of Herbie Faye Johnston.

Mr. and Mrs. Meeks Announce Marriage of Their Daughter, Lela

Mr. and Mrs. W. L. Meeks this week announce the marriage of their daughter, Miss Lela Meeks to Mr. J. T. Grogan of Abilene. The marriage took place on March 29th. Mrs. Grogan grew to womanhood in the Hamlin community, graduated from the Hamlin High school and attended Hardin-Simmons University.

Mr. Grogan is a son of Mr. and Mrs. J. W. Grogan of Anson. The couple are making their home in Abilene, where he is employed by the International Harvester Co.

Marriage Announced

Mrs. Dock F. Griffin is announcing the marriage of her daughter, Miss Sylvia Dee to Mr. Gerald L. Stoner of Ellwood, Pa. The couple will make their home in New Castle, Pa. Sylvia Dee was a nurse in the Kings Daughters Hospital in Temple before her marriage. She is a graduate of Hamlin High school.

British Aid Groups Making Progress

The different groups of girls, young ladies and women have accomplished lots this past week in their quilt making for British Aid.

Mrs. Butcher's group of little girls sewed at the sewing room in the old City Hall Monday morning at 9 o'clock.

Mrs. Landon Davis' group has enough squares for several quilts, and are now putting them together. They need volunteers to quilt the quilts. They have the linings and cotton for three. Won't some of you women who would like to quilt just phone Mrs. Davis?

Mrs. Wiar's group of young ladies consisting principally of the ones who prefer to meet at nights, pieced their third quilt Tuesday night at Miss Wienke's Beauty Shop, and shall meet next Tuesday night at the home of Miss Lennie Greenway to piece a quilt. They are doing good work. Join them if you prefer to work at night.

Mrs. Eddie Jay is in charge of workers in the Church of Christ. They have been working at the church. Call her or see Mrs. Brad Rowland if you'd like to work with them.

Mrs. E. Bailey has charge of helping the women of the Methodist church. Call her if you want to get started or have quilt material, and Mrs. Tate May of the Baptist church. The committee has heard of various organizations of each church making quilt squares, so we expect soon to hear of their quilting them into quilts. The seven machines are at the service of any group at the old City Hall.

If you have quilting frames that you would lend to further the work, please phone Mrs. Moody or Mrs. Frank Waggoner.

SENATORS AT PLAY

United States Senators Thomas Connally, at extreme right, and James M. Meade, second from right, are shown above having a good time at Atlantic City listening to movie star Bob Young tell about "the one that got away" as Mayor Thomas D. Taggart, of the resort city, chuckles with them.

War Preparations Down In Texas

While the eyes of America are focused on the tense situation in Europe, Texas is bending every effort to aid in National Defense. Daily this state becomes of greater importance to the whole National Defense Program.

Bombers, of the type most needed by England, are being built at Dallas and Fort Worth. Ammunition will soon be turned out in large volume by the plant now under construction at Texarkana; other articles of vital importance are being turned out daily by Texas industries. Large numbers of ships will soon be constructed in the new yards at Orange and Houston. American soldiers are being trained in modern warfare at Brownwood, Abilene, Mineral Wells, Palacios, San Antonio, El Paso and other cities. American Air Corps pilots are being taught flying, bombing, and aerial warfare at Randolph Field, the huge Naval Air Base at Corpus Christi, Victoria, Cuero, Brady, Corsicana and Stamford. Soon new air schools will be completed at Lubbock, Midland, Coleman, Grayson County, and several other points in our state. Mechanics to service American planes will be trained in large numbers at Wichita Falls within the very near future.

Citizens of Texas are thinking in terms of Defense Bonds and Savings Stamps. They are anxious to help. They know that the Canadian people were asked recently to subscribe \$600,000,000 to put over Canada's Victory loan and that these friends on our North went over the top by buying \$710,958,950 of these securities.

"Defense Savings Bonds and the Stamps give us all a way to take a direct part in building the defense of our Country—an American way to find the billions needed for National Defense.

"The United States is today, as it has always been, the best investment in the world. This is an opportunity for each citizen to buy a share in America."

Good Luck Plus' Saves Three Trapped in Torpedoed Cruiser

IN complete darkness, dazed by torpedo shock and caught under wreckage far down in the hold of the British merchant cruiser "Rajputana" as she was being sunk by a German submarine, Frank C. Davidson and two fellow seamen are living today because, as they put it, of "a piece of good luck plus—."

Davidson had gone below to try to save some of his belongings. The "Rajputana", already struck by one torpedo, was wallowing in heavy seas and listing badly. Water was coming into the lower compartments and Davidson was taking his last chance to save some of his gear.

"Two other boys and I were down in the stokers' mess when the second torpedo hit," he says. "All three of us were knocked flat by the impact. In the same instant all lights went out and heavy tables, chairs, metal lockers, and everything else that could get loose began trembling and crashing about us in the dark.

"We fellows were trapped all right—not much of a chance of finding our way out. But just as I was recovering my senses a little, my hand hit against something in my pocket. The good luck was that what I touched was still there instead of under the pile of debris filling the mess room. It was my flashlight, loaded with fresh batteries, too.

"Now, I thought, we had a chance. The three of us set to work and with the help of this light we got ourselves loose from the wreckage. The next job was

Frank C. Davidson

to get the mess room door open. After that we climbed up through the dark to C deck and then to the boat deck. We got there just as Captain Cross gave the order to abandon ship. Another few minutes and we would have been just too late."

Davidson thinks the "Rajputana", sister ship of the "Rawalpindi" which was sunk in 1939 by the pocket battleship "Deutschland", might have got to port if she could have escaped the second torpedo. She was making good headway, he says, even in the rough sea that was running, with waves fifteen feet high.

POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

Mrs. Fred Roderick, of Pecan Gap, has been visiting her father, J. H. Miles and other relatives in this community. Also visiting in the Milsap home was Ruby Milsap of Omaha, Nebr., and Lance Loftin, of Ft. Ord, California. Lance is a grandson of Mr. Milsap and a soldier boy.

Misses Alice and Annie Yates of Dallas are spending their vacation in this community visiting a brother, C. P. Yates and family and Mrs. N. D. Miers and family. Both Misses Yates are teachers in the Dallas schools.

Mrs. Claude Faulkenberry underwent an operation in a Stamford hospital last week and it is reported she is doing nicely.

Mrs. Algie Johnson and children of Fort Worth were visiting Mr. and Mrs. Jack Johnson and Mr. and Mrs. Virgil Steele last week.

Mr. and Mrs. Carruth of Houston visited Mrs. Carruth's mother, Mrs. Harold Stephenson in McCaulley last week.

Grandmother Faulkenberry is visiting her son Walter and family for a few days.

Jiggs and Gennene McNeal of El Paso are spending the summer with their grandparents, Mr. and Mrs. W. F. Davison.

Mr. and Mrs. S. E. Miers visited in the homes of Mr. and Mrs. Clyde Hodnett and Mr. and Mrs. F. W. Poe last Sunday.

While on our rounds last week, this scribe visited for a few minutes in the home of Mr. and Mrs. J. T. Rhoten and while there we met Grandmother Moss who has passed more than eighty years. Mrs. Moss is the mother of Mrs. Rhoten and she seems to be in fair health for her years. It wouldn't be a bad idea for more of us to visit the old people of our community.

Mr. and Mrs. Hubert Hillon of Carthage, Texas, have been visiting in the home of Mrs. Hillon's sister, Mrs. Bill Pickron in McCaulley. Mrs. Pickron accompanied them to their home and will visit her mother in Marshall while away.

Mrs. Towery, a sister of Mrs. H. P. Powers, have been visiting in the Powers home. Mrs. Towery lives in Brownwood.

Mrs. Matt Rushing passed away July 15 at 2 A. M. in a Rotan hospital. Mrs. Rushing had been ill only a few days.

Mrs. Rushing was before her marriage, Miss Viola Hammitt. She was married to Matt Rushing in 1916. Her husband and six children survive; also two sisters, Mrs. Gordon Jones of El Paso; Mrs. Elmer Kirkwood of Goldsmith and two brothers of Los Angeles and her father of Wink, Texas. Mrs. Rushing was born in 1899 and was forty-two yrs. of age at the time of her death. A host of relatives and friends mourn her going. Funeral services were held at the Methodist church at Pleasant Valley and burial was in the Roby cemetery. Pallbearers were: R. L. Miers, Calvin White, Hob Reed, Harley Reed, Jimmie White and Bert Rushing. O. D. Weatherby, funeral director, of Rotan, was in charge. A number of friends and relatives from Lamesa, Brownfield, and McCaulley, attend the services.

A Brotherhood meeting at the Tabernacle Tuesday night was enjoyed by members of the Baptist church and invited guests. An old-time picnic lunch was served, after short talks by Mr. Koenig, past president of the Brotherhood, and by Roy Hennington, president, and Rev. Dick, pastor. The Rev. Dick O'Brien, pastor of the First Baptist church of Stamford, was the principal speaker, and he gave a sound and constructive talk along with his usual wit and humor.

O-O-O-O

This is America—A spot where ancient hatreds flourish not A land of merriment and song, Despoiled whatever may be wrong, Which at its worst is better far Than states totalitarian are.

—Edgar A. Guest

Even though our Government is far from being perfect, it is by far the most liberal Government on earth. It is our duty to abide by the will of the majority; to stand behind our government, so our nation may be unified in time of crisis. It will be a miracle if we escape total war, and in our opinion, our Navy made a very wise move when we occupied Iceland. Other nations have fallen before the mighty armies of Hitler, all because they failed to take advantage of a good move and instead of taking the jump on Hitler they made a grave mistake by going the appeasement route. We have the best navy on earth and let's use it to beat the dictators at their own game. Who hadn't rath-

er die than to be slaves under a killer such as Hitler? In a speech at Springfield, Illinois in 1903, Theodore Roosevelt said: "There is a homely adage which runs, 'Speak softly and carry a big stick; you will go far. If the American nation will speak softly and yet build and keep training a thoroughly efficient navy, the Monroe Doctrine will go far.'"

If it takes blood, tears, toil and sweat to bring about a lasting peace, surely it will be worth the price and the future of America and the future of civilization depends on how we carry on.

A Winning Cookie

—By Frances Lee Barton—

"NOW let me see!" said Maggie Gee. "What shall I have for dinner?" "Try our Chip Cookie recipe. 'It is this summer's winner.'"

Chocolate Chip Ice-box Cookies
1/2 package semi-sweet chocolate, grated;
1 1/2 cups sifted flour; 1 teaspoon double-acting baking powder; 1/4 teaspoon salt; 4 tablespoons butter or other shortening; 1/2 cup granulated sugar; 1/4 cup brown sugar, firmly packed; 1 egg, well beaten; 1 tablespoon milk; 1 teaspoon vanilla.

Grate chocolate on coarse grater. Sift flour once, measure, add baking powder and salt, and sift again. Cream butter and add sugars gradually, creaming thoroughly; add egg, milk, and vanilla, and mix well. Add flour gradually, mixing well after each addition. Add grated chocolate. Shape into rolls, 2 inches in diameter, and roll in waxed paper. Chill overnight, or until firm enough to slice. Cut in 1/4-inch slices; bake on ungreased baking sheet in moderate oven (375° F.) 10 minutes. Makes about 3 1/2 dozen cookies.

The Creed of the Open Road

The beauty of the open road is not policed except by the honor of the traveler.

I, therefore, who love the freedom of the open road, shall not permit that freedom to degenerate into license.

Capable of perceiving the beauty of trees, I shall be incapable of destroying the beauty for those who may follow.

The living radiance of the flowers brightens my journey. I shall not wantonly wrest from them that life and radiance.

I shall respect the lives, the property and the customs of the community through which I pass.

I, who travel the open road, value and enjoy its countless privileges. Equally, therefore, do I assume its legitimate obligations.

"Currant" Events

—By Frances Lee Barton—

KEEP up with your "currant events" as well as with current events. As the various members of the currant family appear on the market or ripen on your own grounds, roll out the jars, turn the fruit into jelly or jam, and later on you'll have a barrel of fun.

A combination of red currants and ripe apricots makes a very delicious jam. Here is a recipe that will take care of about eleven glasses—but when you taste this jam you will see to it that at least another batch is prepared.

Apricot and Currant Jam

4 cups (2 lbs.) prepared fruit; 7 1/2 cups (3 3/4 lbs.) sugar; 1/2 bottle fruit pectin.

To prepare fruit, pit (do not peel) about 1 1/2 pounds fully ripe apricots. Cut in small pieces and crush thoroughly or grind. Crush thoroughly or grind about 1 pound fully ripe red currants. Combine fruits.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Skim; pour quickly. Paraffin hot jam at once. Makes about 11 glasses (6 fluid ounces each).

Comparisons

Three little boys were boasting of the abilities of their respective fathers.

Said one—"My father's a musician, and when he composes a song, he gets five dollars for it."

"That's nothing," said the second boy. "My father's an author, and when he writes an article, he gets ten dollars for it."

"Well," said the third boy, "my father's a minister, and when he preaches a sermon, it takes six men to carry the money up to him."

Fish Didn't Have A Chance

A six pound yellow cat which lived in the Llano River proved too piggish for his own good and, as a result, honors of catching him go to two youngsters. The fish took both their hooks at about the same time. The boys, Vernon Gavitt, 11 and Jim Merkel, 12, were fishing in the river in the City of Llano. They were using pole and line. Suddenly each felt a jerk on his line and started hauling in. They soon found the same catfish had hooks from

each line firmly embedded in its mouth. The boys, according to the Austin American-Statesman, nearly lost the fish when one line broke when the cat was near the bank. Young Merkel grabbed the prize with his hand and received several bad cuts from the fish's fins.

Make the best of everything. Think the best of everybody. Hope the best for yourself.
